

Penson Rule 606 Disclosure :: 2Q2007

Penson Financial Services, Inc. (Penson) has prepared this report pursuant to a U.S. Securities and Exchange Commission rule requiring all brokerage firms to make available to the public quarterly reports about their order routing practices.

The report provides information on the routing of "non-directed orders" -- any order that the customer has not specifically instructed to be routed to a particular venue for execution. For these non-directed orders, Penson has selected the execution venue on behalf of its customers.

The report is divided into four sections:

1. New York Stock Exchange listed securities
2. Nasdaq Stock Market listed securities
3. American Stock Exchange and regional exchanges listed securities
4. Exchange listed options

For each section, this report identifies the venues most often selected by Penson, sets forth the percentage of various types of orders routed to the venues, and discusses the material aspects of Penson's relationship with the venues.

This report was prepared by Quantum5, a third party market surveillance and auditing firm. Questions regarding this report should be addressed to the Penson Compliance Department at (800) 696-3585.

In other cases, recipients such as Penson are advised by the specialist of the basis for payments, but those terms are set unilaterally by the specialist.
